

Wentworth Family Trust Disbursements - 2016-2019

2019

\$2,600	Public Notice Kiosk The kiosk at town hall has sliding windows that have broken several times and freeze shut in the winter. The new kiosk will be more weatherproof.
\$200	Wireless access points The existing wireless system was not designed to reach to the whole Town Hall. Two access points will allow for boards and commissions have internet access.
\$600	Emergency First Aid Kits This will upgrade minimal or non-existent first aid kits at Town Hall and the Library. One will be available to the public users at the town hall.
\$3,600	Stackable flip-top tables These tables will furnish the Community Room at the new Library.
\$18,500	Town Maintenance Shed Replacement These funds will support the capital reserve voted on at Town Meeting to build a new Maintenance Shed.

2018

\$14,000	Breathing Apparatus Equipment This funding is to purchase two additional airpicks and related monitoring equipment for the Fire Department. Additional funds from the Fire Department Budget will be used if needed.
\$5,000	Reenactment and Encampment As the Town of Madbury celebrates its 250th anniversary an educational colonial militia battle reenactment demonstration day including crafts and music is being planned in October.
\$900	Table for the Library Adult Study Room The Trustees of the Madbury Public Library requested funding for a new table for the Adult Study Room to better utilize the space and replace the old table repurposed in that room.
\$394	Historical Society transfer of film to digital The Madbury Historical Society would like to transfer more aged film housed in the archives to a digital format in order to preserve them (some treasures were found last year).
\$5,706+	Refurbishment of the Historic Town Hall Front Entrance The door and vestibule at the front of the original 1861 Meeting Hall needs to be replaced, weatherized and brought up to safety code. The plan is to upgrade while preserving the original old custom feel of the entry.

2017

\$14,000	Air Packs and Bottles This project replaced the breathing apparatus equipment used by the Fire Department.
\$4,000	Reprinting of "Madbury It's People and Places" As the Town of Madbury prepares to celebrate 250 years the Madbury Historical Society would like to clarify, update, index and reprint this educational publication that was written for the Town bicentennial.
\$1,500	Folding Tables Replacement of old folding tables used for functions at Town Hall.
\$170	Historical Society transfer of film to digital The Madbury Historical Society would like to transfer some aged film housed in the archives to a digital format in order to preserve them.
\$600	War Memorial Garden on Town Common Restoration The Madbury Community Club is funding removal of invasive plant material, preparation of the area and redesign of the garden. They have requested funding to assist with the purchasing of an assortment of drought resistant native spring and fall flowering shrubs and perennials.
\$2,000	Picture Book Display Shelving The Trustees of the Madbury Public Library requested funding to purchase a new book display system for the Children's Room.

- \$500** **250th Anniversary Celebration** - The Committee currently brainstorming and organizing the celebration which will occur in 2018 will utilize these funds toward activity deposits and/or commemorative memorabilia.
- \$3,230+** **Marion Custom Pumper**
The Town of Madbury is replacing the 1989 Ford Engine with a Marion Custom Pumper. In 2017 payment for the chassis totaling \$225,000 is being funded this request along with the Fire Department budget and the Capital Reserve for Fire Equipment will be utilized. In 2018 the remainder of the total contract will be paid when the equipment is delivered.

2016

- \$14,000** **Air Packs and Bottles**
This project will replace the current breathing apparatus equipment used by the Fire Department which was purchased with grant funding assistance in 2001 . The current bottles will expire in 2017 . This project will span two years, funding will be requested in 2017 as well. Additionally funds from the Fire Equipment Capital Reserve will be utilized to complete the replacement of this safety equipment.
- \$8,000** **Trail Equipment at Tibbetts**
Installation quotes came in higher than budgeted and the Recreation Commission has requested these additional funds to complete the project of adding fitness stations to the half mile walking trail recently constructed at Tibbetts Field .
- \$500** **Large Format Scanner**
This is a new piece of equipment that has been discussed for use of Town departments, boards and affiliated groups which currently outsource or use personal equipment to complete projects beyond the scope of the small copier/printer/scanner currently available at Town Hall.
- \$500** **Historical Society Storage Supplies**
The Madbury Historical Society has a group of volunteers that have been working to properly store items that have been donated as well as cataloging and digitizing information. To date funding has been from private donations of the group itself. They are seeking to purchase supplies that include acid-free files, map/roll storage, tissue paper, plastic sheet protectors , memory sticks, CD-R, book storage boxes, polypropylene file cases, and copy paper.
- \$3,000** **Powder Major Conservation Project**
The Society for the Protection of NH Forests is working on multisource funding of this project to conserve a 195 plus acres of land the majority of which is in Madbury. This project will assist in protecting the water resources and preserving the rural and historic character of the town while providing trails for recreation and outdoor educational purposes. The funding must be raised by this fall to meet the time sensitive need to complete the purchase of the property. The Selectmen would suggest the amount donated to this project include any residual in the funds available this year from the Trust. A matching grant will double this funding amount.
